The Speaker delivered the following ruling:-

Last Thursday, the member for York Centre (Mr Sorbara) and the member for Eglinton (Ms Poole) raised a point of order concerning a notice filed with the Table the previous day.

The member for York Centre informed the House that government notice of motion No. 11 appearing in Thursday's Orders and Notices paper and business paper may not have been filed before 5 p.m. the previous day as required by Standing Order 51.

I have reviewed the circumstances surrounding the tabling of the notice, the Orders and Notices paper and Hansard for Thursday, and the practices and procedures followed in this and other jurisdictions concerning notices.

Let me say at the outset that our practice concerning notices is similar to that in other parliamentary jurisdictions, where the Speaker determines whether notice provisions have been complied with. Thus, the 21st edition of Erskine May states (at pages 329 and 330) that the practice at Westminster is that "[i]f an objection is raised to a notice of motion upon the notice paper, it is for the Speaker to decide upon its regularity...."

And in Ottawa, the 1989 edition of the Annotated Standing Orders of the House of Commons indicates the following (at page 190):

Once tabled or filed, each notice is examined for any irregularities by the Clerk (under the Speaker's authority) who, in consultation with the sponsoring Member, may amend it in form and content.

Therefore, as I indicated on Thursday, the notice in question did comply with Standing Order 51.

The member for York Centre also indicated that the Table would not provide him with a copy of the notice in question when he requested one after 5 p.m. The general practice both here and in Ottawa is that such notices are kept in confidence until they can be made available to all members simultaneously through the next day's Orders and Notices paper.

In closing, then, I have found nothing untoward in what transpired, but I do appreciate the concerns expressed by member for York Centre and the member for Eglinton.

Mr Bradley moved,

M. Bradley propose,

That, in the opinion of this House, since General Motors announced its intention on February 24 of this year to close its St. Catharines Foundry eliminating over 2,000 employment positions in addition to 750 women and men who were to be laid off indefinitely as of March 1 and over 100 people who will lose their jobs as a result of the decision to discontinue the 3.1 litre V-6 engine; and

Since the St. Catharines General Motors Foundry is a cost competitive, world class, high quality operation with a highly skilled and motivated work force; and

Since the loss of these jobs will mean the loss of \$130 million in wages and salaries to the economy of the Niagara Region and the Province of Ontario; and

Since the implications for businesses and industries that service and supply the auto sector are extremely negative and serious; and

Since whenever a production line and a significant part of a plant shuts down, the fixed cost of maintaining the rest of the operation increases and the quality of components from elsewhere cannot be guaranteed;

The Legislative Assembly of Ontario should urge General Motors to continue the operation of its Foundry in St. Catharines.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À 11 heures, la suite du débat est réservé jusqu'à midi.

Mr McLean then moved,

Ensuite, M. McLean propose,

Second Reading of Bill 17, An Act to provide for the Licensing of Motor Boat Operators.

Deuxième lecture du projet de loi 17, Loi prévoyant la délivrance de permis aux utilisateurs de bateaux à moteur.

Pursuant to Standing Order 94(e), no objection having been made to the putting of the question on Mr Bradley's Resolution Number 13, the question having been put, was declared carried.

Conformément à l'article 94(e) du Règlement, la motion portant sur la résolution numéro 13 de M. Bradley n'a pas fait l'objet d'opposition et la motion, mise aux voix, est déclarée adoptée.

The Speaker delivered the following ruling:-

Last Monday, the member for Halton Centre (Mrs Sullivan) rose in the House on a question of privilege concerning 2 incidents involving "physical threats or threats of violence against members." The member, who intimated that the incidents occurred outside the parliamentary precinct, quoted Erskine May on molesting of members and influencing members by threats.

The first incident occurred in Thunder Bay on April 10, 1989, which was the day before the member for Halton Centre was scheduled to attend a meeting of the Standing Committee on Resources Development in that city. Whereas that incident occurred in the course of the 34th Parliament, the second incident occurred in Georgetown on June 27 of this year, and it involved the Minister of the Environment while she was in transit to a public function in that town.

I have carefully reviewed the member's submissions, together with the appropriate authorities, and I am now in a position to report to the House.

Let me begin by making a few remarks about parliamentary privilege. Standing Order 21(a) defines privilege as "the rights enjoyed by the House collectively and by the members of the House individually conferred by the Legislative Assembly Act and other statutes, or by practice, precedent, usage and custom."

Citation 24 of the 6th edition of Beauchesne, drawing on Erskine May, defines privilege (at page 11) in the following terms:

Parliamentary privilege is the sum of the peculiar rights enjoyed by each House collectively as a constituent part of the High Court of Parliament, and by Members of each House individually, without which they could not discharge their functions and which exceed those possessed by other bodies or individuals. Thus, privilege, though part of the law of the land, is to a certain extent an exemption from the ordinary law. The distinctive mark of a privilege is its ancillary character. The privileges of Parliament are rights which are "absolutely necessary for the due execution of its powers". They are enjoyed by individual Members, because the House cannot perform its functions without unimpeded use of the services of its Members; and by each House for the protection of its members and the vindication of its own authority and dignity.

The authorities suggest that for a prima facie case of privilege to be made out, the circumstances giving rise to the alleged breach of privilege should have impinged on the parliamentary duties of a member. For example, citation 92 of Beauchesne states (at page 25) that "[a] valid claim of privilege in respect to interference with a Member must relate to the Member's parliamentary duties and not to the work the Member does in relation to that Member's constituency."

Furthermore, Maingot's Parliamentary Privilege in Canada indicates (at pages 197 and 198) that "to be considered a matter of privilege, any molestation or intimidation of the member must relate to his parliamentary duties unless the circumstances arise within the precincts when the House is sitting, in which case the act alone of assaulting any person within the precincts is the gist of the contempt."

And at pages 199 and 200, Maingot makes the following additional remarks about the narrow confines of parliamentary privilege:

[I]t must be shown that the member was obstructed in his work relating to a proceeding in Parliament and not simply while he was performing his representative duties in his constituency or in other myriad areas (which is the wont of members of the House of Commons), nor simply in his private capacity.

...

[T]he underlying test in all cases [is] whether the right claimed as a privilege is one which is absolutely necessary for the due execution of the powers of Parliament.

I also want to refer members to some of the authorities concerning the timeliness of raising questions of privilege, an issue that is more germane to the first incident raised by the member for Halton Centre. Citation 115 of Beauchesne indicates the following (at page 29):

A question of privilege must be brought to the attention of the House at the first possible opportunity. Even a gap of a few days may invalidate the claim for precedence in the House.

The 21st edition of Erskine May indicates (at page 135) that "a Member who wishes to raise a privilege complaint is required to give written notice to the Speaker as soon as reasonably practicable after the Member has notice of the alleged contempt or breach of privilege."

I have to say, then, that a prima facie case of privilege has not been made out with respect to the 2 incidents raised by the member for Halton Centre.

Notwithstanding this ruling, I want to assure the member for Halton Centre, and indeed all members, that I am very concerned about how such incidents might affect members as they attend to their parliamentary responsibilities. To this end, I will review such security arrangements as are within the jurisdiction of the Speaker, and take such action as is appropriate.

I thank the member for Halton Centre for bringing the incidents to the attention of the House.

Mr Mills moved,

M. Mills propose,

That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice.

A debate arising, at 11:00 a.m., with unanimous consent, pursuant to Standing Order 94(e), no objection having been made to the putting of the question on Mr Mills' Resolution Number 16, the question having been put, was declared carried.

À onze heures, avec le consentement unanime, le débat s'ensuit et conformément à l'article 94(e) du Règlement, la motion portant sur la résolution numéro 16 de M. Mills n'a pas fait l'objet d'opposition et la motion, mise aux voix, est déclarée adoptée.

And it was,

Resolved, That, in the opinion of this House, recognizing that there are a large number of British Old Age Pensioners residing in Ontario who are, in many cases, entirely dependent upon pensions earned through their contributions made while working in the United Kingdom, and that these pensioners suffer deprivation and discrimination in that the amount of their pension incomes were frozen to the rate in force when first commenced, in contrast to British pensioners in other jurisdictions whose pensions have been indexed to the cost of living, the Government of Ontario should, (a) petition the Government of the United Kingdom in the name of those ideals of justice and human rights to review immediately their policy pertaining to pensioners living in Canada and, thus, the Province of Ontario, to abandon the damaging inaction of the past 13 years and return to the table to resume discussions with the Government of Canada over the long sought wide-ranging social security reciprocal agreement which will bring into force the indexation of British old-age pensions in this country and province, and (b) petition Her Majesty the Queen to request Her Royal Highness' intercession with her Ministers to rectify this manifest injustice.

Mr Beer then moved,

Ensuite, M. Beer propose,

That, in the opinion of this House, recognizing that,

- the decision to prohibit the regions of the Greater Toronto Area from searching for landfill sites beyond their boundaries is contrary to the intent of the Environmental Assessment Act, Section 5(3), and
- the government has promised each person in Ontario the right to a full environmental assessment, including the right to a review of all options as it pertains to waste disposal in Ontario, and
- the impact of a landfill site in the Greater Toronto Area has not been fully examined in terms of the effect on communities, the environment, agriculture, municipalities, businesses and individuals,

the Minister of the Environment should amend Bill 143 to allow a more democratic process for the consideration of future options for the disposal of Greater Toronto Area waste, and consideration of disposal sites outside the GTA where a "willing host" community exists.

Pursuant to Standing Order 94(e), no objection having been made to the putting of the question on Mr Beer's Resolution Number 19, the question having been put, was lost on the following division:-

Conformément à l'article 94(e) du Règlement, la motion portant sur la résolution numéro 19 de M. Beer n'a pas fait l'objet d'opposition et la motion, mise aux voix, est rejetée par le vote suivant:-

THE AFTERNOON SITTING  
1:30 P.M.

SÉANCE DE L'APRÈS-MIDI  
13 H 30

The Speaker ruled as follows:-

Yesterday, the member for York Centre (Mr Sorbara) raised a point of order concerning government notice of motion 13, which seeks to invoke Standing Order 44a in order to allocate no time to third reading of Bill 150. The member for Parry Sound (Mr Eves), the member for Bruce (Mr Elston), the member for Carleton (Mr Sterling), and the Government House Leader also made submissions to the point of order.

When a point of order is raised in this Chamber, the chair is entitled to rule on it at that time, or to reserve a ruling. In yesterday's case, the chair reserved a ruling, and this has afforded me an opportunity to reflect on the submissions that were made. Having reviewed yesterday's Hansard, together with House precedents and various parliamentary authorities, I am now ready to make a ruling.

The member for York Centre referred to the practice in the House of Commons at Ottawa, where Standing Order 78(3) states that a time allocation motion cannot specify less than one day's debate for the consideration of any one stage of a bill. The member also quoted citation 533 of the 6th edition of Beauchesne to the effect that "[t]ime allocation is a device for planning the use of time during the various stages of consideration of a bill rather than bringing the debate to an immediate conclusion."

However, it is important for all members to know that Ottawa has had many years' experience with time allocation motions. In fact, such motions have been a part of Ottawa's Standing Orders in one form or another since 1965. By contrast, time allocation motions were first recognized in our Chamber in 1982, and have been a part of our Standing Orders for less than 3 weeks. Moreover, the notice of motion that is the subject of this ruling is only the second one to have appeared on our Orders and Notices paper since Standing Order 44a came into force on July 3.

There are other distinctions between the practice in Ottawa and our own. Ottawa's Standing Order 78(3) does not require written notice; it does not require debate on the motion; it specifies that the question is put immediately after the motion is put; and it requires at least one day's debate on the stage of the bill that is under consideration. By contrast, our Standing Order requires written notice and a full day's debate on the motion, and it makes no mention of a minimum time requirement for third reading debate on a bill.

There was some mention yesterday about whether previous time allocation motions in this House have ever provided that the question on a certain stage of the legislative process be put forthwith without debate or amendment. I have reviewed the time allocation motions that have been moved in this Chamber since 1982, and I have found that 8 of them contained just such a provision with respect to the adoption of the report of a standing committee, the adoption of the report of the Committee of the Whole House, or both.

With respect to the comparisons that were made yesterday between Standing Order 44a and Standing Order 45, I must say that they are 2 very different Standing Orders and that they have different applications. A closure motion under Standing Order 45 can be moved without notice, it can be moved by any member of the House, and it is non-debatable. By contrast, a time allocation motion under Standing Order 44a can be moved only by a government minister and upon written notice, and it is debated for one day.

I want to make some additional remarks about closure motions under Standing Order 45. Such motions are generally known as the 'previous question' in many other parliamentary jurisdictions. Indeed, they used to be known by that name in this Chamber until the 1986 Standing Orders changed the name to 'closure' because members commonly referred to it by that name. But the change should not obscure the fact that if a motion under Standing Order 45 were successfully moved while an amendment was on the floor of the House, the result would be that the amendment would be lost and the question would be immediately put on the main question. That is the full nature of Standing Order 45.

Moreover, Standing Order 44a does provide a certain measure of balance when a time allocation motion is moved. For example, the Standing Order does not require that the motion provide for a minimum period of debate at third reading of a bill, but it does require that the motion cannot be moved at second reading until there has been at least 3 days' debate at that stage.

I can appreciate that yesterday's notice of motion may have surprised some members by virtue of the fact that it calls for no time to debate third reading of Bill 150. In this regard, I want to quote from the 21st edition of Erskine May's Parliamentary Practice, which states the following (at page 409):

[Time allocation motions] may be regarded as the extreme limit to which procedure goes in affirming the rights of the majority at the expense of the minorities of the House, and it cannot be denied that they are capable of being used in such a way as to upset the balance, generally so carefully preserved, between the claims of business and the rights of debate.

In closing, then, government notice of motion 13 does comply with Standing Order 44a as it presently stands and is therefore in order.

I thank all members for their submissions, and the member for York Centre for his written submission.

Pursuant to Standing Order 35(b), the following  
Petitions were presented:-

Conformément à l'article 35(b), les pétitions  
suivantes sont déposées:-

Petitions relating to Proposed Reform to the Labour Relations Act (Sessional Paper No. P-16) (Tabled July 21, 1992) Mrs D. Cunningham.

**THE AFTERNOON SITTING**  
**1:30 P.M.**

**SÉANCE DE L'APRÈS-MIDI**  
**13 H 30**

The Speaker ruled as follows:-

On June 17 the Leader of the Official Opposition (Mrs McLeod) rose on a point of privilege with respect to the outcome of an O.P.P. investigation of certain members of this House.

The member will recall that I have previously ruled on the issue of members of an outside police force gaining access to any office within the Parliamentary Precinct for investigative reasons. As I understand this latest point, the Leader of the Opposition is asking that the Speaker somehow obtain for this House the results of the recent visit by O.P.P. officers to the offices of the member for Bruce (Mr Elston) and the member for Halton Centre (Mrs Sullivan).

It has been pointed out on many occasions, that the Speaker has no investigative powers. While I can appreciate the concern of all members with respect to the issue raised by the Leader of the Opposition, I must inform the House that the Speaker has no authority over the O.P.P. or any investigation that that police force may carry out. Thus, I am unable to obtain or provide for the House any information which would indicate the results of a police investigation.

THE AFTERNOON SITTING  
1:30 P.M.

SÉANCE DE L'APRÈS-MIDI  
13 H 30

The Speaker ruled as follows:-

Yesterday, the honourable member for Leeds-Grenville (Mr Runciman) raised a point of order regarding the wearing of buttons expressing a particular political point of view in the House. In his argumentation he mentioned that it is our practice not to allow displays and in the case at hand, he alleged that the wearing of buttons could, through television coverage, influence the public in its decision.

I have considered these points seriously and although I agree with the honourable member that it is our practice to discourage displays of any kind in the House, the wearing of buttons with a particular message is a difficult one for the Speaker to control. Members, I am sure, are aware of the proliferation of buttons in recent years, expressing all kinds of opinions which, I am sure, all members are not always in agreement with. The wearing of buttons has never been challenged in this House and I might say that it has become accepted practice. Therefore, although I am sympathetic to the point raised by the honourable member, there is not much that I can do in this regard other than add this consideration to the ones that I have already referred to the Standing Committee on the Legislative Assembly for their opinion.

---

The Speaker addressed the House as follows:-

I know that all Members of the House will be saddened to hear that Smirle Forsyth who has served this House, and its Committees, with distinction since 1978, has been compelled by ill health to resign.

The Speaker was joined by Members of all three parties in expressing their appreciation and best wishes for his improved health.

---

During "Oral Questions", the Speaker requested the member for Lanark-Renfrew (Mr Jordan) to withdraw unparliamentary language.

The member having refused was named by the Speaker and directed to withdraw from the service of the House for the balance of the day's sitting.

---

The Speaker then suspended the proceedings for 10 minutes for grave disorder pursuant to Standing Order 16.

Pursuant to the Order of the House, dated 28 May 1992, these Bills stand referred to the Committee of the Whole House.

Want of Confidence Motion pursuant to Standing Order 43(a)

Motion de censure conformément à l'article 43(a) du Règlement.

Mr Harris moved,

M. Harris propose,

This House, noting that since this government has taken office it has pursued policies which have discouraged investors and consumers and punished taxpayers and which have compounded rather than ameliorated the economic problems facing the province by imposing multi-billion dollar tax grabs, by adding billions to the provincial debt, by pursuing an anti-business agenda as expressed through its biased and unbalanced labour law reforms, by creating an environment hostile to the private sector and by showing itself to be hostage to the special interest groups as opposed to an advocate for the public interest and further noting since this government took office two years ago:

- (a) that more than 290,000 additional Ontario workers have been forced onto unemployment,
- (b) that the unemployment rate has increased by more than five percentage points,
- (c) that 86,000 jobs in manufacturing, 60,000 jobs in the construction industry and 24,000 jobs in the trade sector have vanished,
- (d) that the welfare caseload has increased to the point where today more than one million Ontarians depend on welfare,

finds that this government is incapable of managing the economy of the province in a manner which will create new jobs, new opportunities and lower taxes and therefore this government lacks the confidence of this House.

And a debate arising, after some time, the motion was lost on the following division:-

Un débat s'ensuit et après quelque temps, la motion est rejetée par le vote suivant:-

The Speaker delivered the following ruling:-

I have had time to consider the point raised yesterday by the honourable member for Dufferin-Peel (Mr Tilson) regarding fees that he was required to pay in relation to the Freedom of Information and Privacy legislation, as it applies to Members of the House.

As I had cautioned the honourable member yesterday, I was not able to find that he had a valid point of privilege. I would like to refer the honourable member to rulings given earlier in this House by Speaker Edighoffer on June 7 of 1988 and again on June 13 of 1988 that address the very point that he raised yesterday.

I thank the honourable member again for the way in which he brought this to the attention of the House.

Mr Curling moved,

M. Curling propose,

That, in the opinion of this House, since over 75% of the trade of the Province of Ontario is with the United States of America; and since Ontario has created exceptional technological infrastructure in the areas of health, resources, transportation, education and technological development; and since we have in our recent history an example of how enhanced and exuberant economic growth has beneficially affected the attitude of citizens of all countries toward the people of Japan; and since attitudes of racial intolerance towards Japanese people have given way to respect and cultural sensitivity, as a consequence of that nation's contributions to the global economy; and since it is the genuine intent of every citizen of Ontario to move toward greater equality and the establishment of a better system of securing to every person the human rights for which our democratic society stands; and since Ontario has abandoned efforts with bettering trade with developing nations; the Government of Ontario should make a significant commitment and a concerted effort to re-establishing very active trade activities with developing nations that will focus on Technology Transfer and the enhancing of the skills of the people and, through trade policies, which benefit the economy of the Province of Ontario as well as the economies of developing nations, the citizens of Ontario will acquire a sensitivity toward the culture of developing nations and a regard for their citizens as persons deserving of respect.

A debate arising, at 11:00 a.m., further proceedings were reserved until 12:00 noon.

À onze heures, la suite du débat est réservé jusqu'à midi.

Mrs Marland then moved,

Ensuite, M<sup>me</sup> Marland propose,

That, in the opinion of this House, recognizing that on June 18, 1992, the Minister of Housing released the consultation paper, Apartments in Houses, which contains draft legislation to allow homeowners to create an apartment in a house without municipal zoning approval; and recognizing that the Housing Ministry's consultation period, even with the Ministry's decision to accept written submissions after the deadline of August 31, 1992, is inadequate for legislative changes of this magnitude; and recognizing that several parties, including the Association of Municipalities of Ontario, many municipal councils, the Ontario Homebuilders' Association, and many ratepayers groups, have identified serious deficiencies in the proposed legislation; and recognizing that these deficiencies include the following:

- failing to recognize that accessory apartments, unless located in suitably zoned areas, may not offer a reasonable quality of life for their occupants or be compatible with their surrounding neighbourhoods;
- failing to provide adequate legal protection to homeowners who need to regain possession of their accessory apartments;
- interfering with municipal zoning authority and negating official plans and decades of land-use planning decisions;

- failing to provide municipalities with licensing authority for accessory apartments;
- failing to consider how municipalities and school boards will pay for the services required by the residents of accessory apartments;
- failing to consider whether sufficient infrastructure is in place to accommodate the residents of accessory apartments;
- failing to require on-site parking for accessory apartments;
- contributing to the "absentee landlord syndrome" by failing to limit accessory apartments to owner-occupied homes;

therefore the Minister of Housing should not introduce the legislation proposed in the consultation paper, Apartments in Houses, which would permit an apartment as-of-right in a detached, semi-detached, or row house.

Jour de l'opposition

Mrs McLeod moved,

M<sup>me</sup> McLeod propose,

Whereas the New Democratic Party government has initiated a landfill site selection process for the Greater Toronto Area through its Interim Waste Authority, and

Whereas many citizens of the Regions of Peel, Durham and York do not have confidence in the integrity of the Interim Waste Authority and are appalled at the inconsistencies involved in the process and

Whereas this government made a promise to the people of this province that they "would get tough on protecting irreplaceable farmland" and

Whereas this government made a promise to the people of this province that any new landfill sites would be "subject to the fullest kind of environmental assessment" and

Whereas 76 landfill sites are expected to close within the next 12 months across the province, and

Whereas the New Democratic Party government is not meeting its promises for waste reduction.

Therefore, the government should table a rationale, an effective plan complete with regulations, a timetable and clearly set out schedule, which will provide immediate and measurable progress for waste reduction in Ontario.

The Speaker ruled as follows:-

On Thursday, October 8, 1992, the member for Scarborough-Agincourt, Mr Phillips raised a point of order with respect to Ministerial Statements. His concern was that the statement made by the Chair of Management Board in the House did not follow precisely the text of the statement that had been provided pursuant to Standing Order 32(c).

I refer members to a decision made by Speaker Edighoffer on May 29, 1990 in which he indicated that the Speaker does not receive copies of written statements and is therefore unable to follow along. I would add, that even if the Speaker were required to receive copies of written statements it would not be his or her responsibility to determine whether a discrepancy is substantial in nature or whether it is an embellishment of no consequence.

While the powers of the Speaker in this regard are circumscribed surely it is in keeping with the spirit of the Standing Order that Ministers adhere closely to the written text when making statements so as to avoid possible misunderstandings. It may be, that on occasion, changing circumstances require that the oral statement differs in some respect from the written statement. In such a situation, I would expect that any Minister would wish to advise the House of the departure from the prepared text.
